

THE MOST COMPLETE WEIGH STATION BYPASS SERVICE

Now available on
Omnitracs One

Omnitracs

The PrePass and Omnitracs Advantage

The PrePass® and Omnitracs One integration allows qualified motor carriers to access the PrePass weigh station bypass service directly within the Omnitracs One mobility platform.

- Easy access and single sign-on through the Omnitracs One mobility platform. Omnitracs is a one-stop shop for enterprise-grade, data-driven solutions across compliance, telematics, workflow, routing, and video safety.
- Minimize freight delays and help drivers deliver on time and get home at night.
- Save a minimum of five minutes and \$8.68 in fuel and wear and tear each time your truck bypasses a weigh station.
- Stay safe and on-time with realtime driver safety and productivity ALERTS™ across North America.
- Take control of your fleet's safety scores with the power of INFORM™ Safety software, only offered by PrePass.
- Only bypass service that provides seamless and efficient integrated electronic toll payment services, including INFORM™ Tolling software with toll data analytics showing the amount spent on toll payments, management of violations, prevention of fraud, and more.
- World-class customer support with a strong Trustpilot® rating.

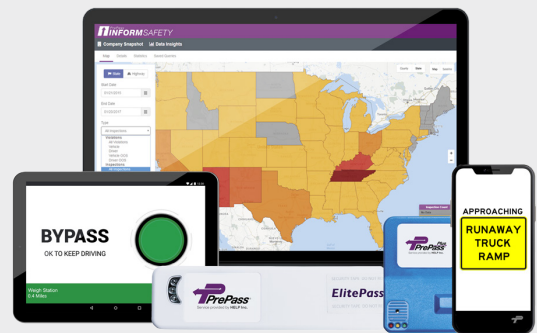

HOW IT WORKS

Logging into the Omnitrac One mobility platform instantly signs drivers into the PrePass service. When approaching a PrePass-equipped inspection facility, Omnitrac One delivers weigh station notifications including a bypass decision.

In addition to bypass messages, PrePass provides driver safety and productivity ALERTS™ including work zones, gusty wind areas, steep grades, no commercial vehicle roads, parking availability, traffic incidents, and more.

GET MORE WITH PREPASS

With over 700,000 subscribers, PrePass is the leading provider of weigh station bypass services in North America. Omnitrac One customers can take advantage of the entire PrePass suite:

- **PrePass Weigh Station Bypass service** displays notifications on the Omnitrac One mobility platform with the option to use a PrePass transponder for additional coverage.
- **PrePass Nationwide Toll Payment services** provide one monthly, consolidated bill in addition to toll reconciliation and dispute resolution services.
- **INFORM Safety software** provides quick, clear insights into the factors affecting a fleet's safety scores with user-friendly dashboards.
- **INFORM Tolling software** provides toll payment analytics, fraud alerts, violation and dispute management, geographic drill-downs, and many other time saving features.
